

Each first aid kit should have an Emergency Protocol Card for respondents to use in dealing with an emergency situation. It should also be posted by all phones near the area of activity. This information should be conveyed to emergency personnel over the phone if an accident occurs:

## Emergency Protocol Card

1. Dial the Emergency Phone Number (**911**) or [ ]
2. Give the specific address of facility and location of access doors:
3. Give them specific instructions/directions to location of casualty
4. Tell them the nature of the injury
5. Report back to the teacher/coach
6. Meet ambulance

### Other Emergency Numbers

Hospital:  
Police / RCMP:  
Fire Department:  
Poison Control Centre: 1-800-332-1414
